Use strong passwords & keep them secret

Confirm the sender. Check for legitimacy

Stop. Think. Connect.

- Use trusted websites
 - Commercial—websites aimed at 6-18 yrs. olds
 - Content—misinformation or inappropriate information
 - Contact—harassment/stalking
 - Look for https:// (Http:// is NOT secure)
- Get savvy about WiFi hotspots
- Unique account?— Unique Password!
- Safe for ME = More Secure for ALL
- Own your online presence (use privacy settings)
- It is OK to limit who you share information with
- Post only about others as you would have them post about you
